- Preschool students are not eligible to receive special education services from MMA.
- Students will not receive any special preference for enrollment into MMA as a result of their participation in the preschool program.
- Preschool students and parents will be expected to follow all MMA policies and procedures to the same extent as students enrolled in MMA, which includes the Dress Code policy.
- MMA nor THC provides transportation services to any students.
- Parents' contractual relationship is with THC and not with MMA. MMA administration has the authority to determine disciplinary consequences for preschool students and, if determined to be in the School's best interest, to exclude any preschool student from participating in the program.
