**NICOLE HOUSEHOLDER - Director**

Nicole moved from the Pacific Northwest in 2001. She holds a B.A in Ecological Studies with a minor in Sociology from Seattle University. She received a M.Ed in Montessori Education from St. Catherine's University. She has both her Upper and Lower Elementary Montessori certifications, as well as her level 2 Utah State teaching license. She is currently fulfilling her fourteenth year at Maria Montessori Academy - where she has been an Upper Elementary lead teacher, Instructional Coach and completing her third year as the Assistant Director.

Nicole loves the outdoors and when we began the Ogden Valley Science Summer camps, a dream came true to have the natural environment be the classroom. Teaching, learning, being with kids are all of her passions and to be able to share this joy, is truly a magical experience.

**EMMA GONZALES**

I have lived in North Ogden my whole life, and have been associated with Maria Montessori Academy since it first opened in 2010. I love working with children and watching them explore and discover the world. I have worked with children both in the classroom at MMA and as a dance teacher at Julie Moffitt Ballet School. I love to dance, do all kinds of art, and be outside (especially if it involves being in the water).

**SAM VAUGHN**

I attend Weber State University and am majoring in psychology with a minor in child and family studies. I hope to go on to get my masters in counseling after I graduate with my bachelors in fall of 2024. I am a graduate of Maria Montessori Academy; I was a student first from 5th-9th grade. I am now finishing my third year as a teaching assistant for a Lower Elementary classroom at Maria Montessori Academy. I have experience both in the classroom as a student and as a teaching assistant. I have been in childcare/education for 5 years. When I have free time, I like to hike, camp, crochet, and spend time with family and friends. I am so excited to have this opportunity to work in nature doing what I love!

**SARA JOHANSEN**

I discovered my passion for Montessori education over a decade ago when my child enrolled at Maria Montessori Academy. Drawn to its holistic approach, I quickly joined the faculty. Now, pursuing a degree in elementary education, I relish in guiding students of all ages. My enthusiasm extends beyond the classroom; I find joy in the outdoors, whether cheering at MLS soccer matches or cultivating in my garden alongside my daughter, often seen kayaking together on th
